DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Drawings

2. The drawings contain four sheets of figures 1-6 were received on 11/24/2003. These drawings are approved by the Examiner.

Specification

3. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

Allowable Subject Matter

4. Claims 1-2 are allowed.
5. The following is an examiner's statement of reasons for allowance:
The projection lens as claimed in the present independent claim 1 is patentable with respect to the cited art, in particular, the U.S. Patent No. 6,452,728 by the limitations relating to the structure of the lens elements constituting the projection lens. It is noted that the use of a projection lens having three lens groups wherein the first lens group having four lens elements, a second lens group having a cemented lens element, and a third lens group having six lens elements wherein the relationships among the focal lengths of the first, second and third lens

groups, the back focus of the whole projection lens and the focal length of the whole projection lens as disclosed in the Patent '728 meet all of the conditions claimed in present claim 1; however, the projection lens of the Patent '728 does not disclose that the second positive lens element, the third negative lens element, the fourth positive lens element of the third lens group are cemented/joined together as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
